Extensive Laboratory Designation Course List 2023/24

Hello Faculty,

The Extensive Laboratory Committee reviewed 561 course applications submitted to the ELC during the 2022/23 school year. 551 courses received the “Extensive Laboratory Designation” during the review process. The official list of approved courses has been included as an attachment.

As the Chairperson of the committee, I'd like to recognize the ELC members who went above and beyond the expectation to review the 561 applications.

Please help extend a special “Thank You” to the committee.

Cypress Faculty Representatives: Maha Afra and Stephanie Spooner
Fullerton Faculty Representatives: George Bonnand and PJ Lewin
District Representatives: Kathleen Reiland, Jose Ramon Nunez and Cherry Li Bugg

Best,

Jeremy Peters
