**Extensive Laboratory Designation Course List**

Hello Faculty,

The Extensive Laboratory Committee reviewed 504 course applications submitted to the ELC during the Fall 2022 semester. Courses that received the “Extensive Laboratory Designation” during the review process shall be compensated at 1 to 1 or 100% of a lecture hour starting Fall 2023.

The official list of approved courses for each campus has been included as a single attachment.

As the Chairperson of the committee, I’d like to recognize the ELC members who went above and beyond the expectation to review the 504 applications. Each committee member dedicated an additional 10 to 15 hours per week during the fall 2022 semester reviewing applications, answering faculty questions and meeting as a committee to discuss and approve each course.

Please help extend a special “Thank You” to the committee.

Cypress Faculty Representatives: Maha Afra and Stephanie Spooner

Fullerton Faculty Representatives: George Bonnand and PJ Lewin

District Representatives: Kathleen Reiland, Jose Ramon Nunez and Cherry Li Bugg

Best,

**Jeremy Peters**
