Dear Colleagues,

I'm very happy to report that the Summer/Fall COVID-19 MOU has been successfully ratified by a 94.2% majority with 63% faculty participation. Thank you to everyone for participating during this time. United together we have accomplished so much already, and we will continue the hard work necessary to create meaningful and lasting change.

The ongoing support and engagement from faculty demonstrates that we will not accept a "status quo" response concerning faculty rights, working conditions, and equitable compensation and benefits. Fact-finding is scheduled for early October, and, as always, we will be communicating with you regularly.

Thank you again for all of your support and engagement.

Together We Rise!

Christie
