

UF UPDATE TA Voting Started

October 8, 2024

Dear Colleagues,

Voting has started! Please check your personal email from Simply Voting.

The gains included in this TA represent meaningful progress that is critical for all of us, especially our current scheduling flexibility that the District fought to eliminate.

Our Flexible Scheduling MOU expires on June 30, 2025. Upon ratification of this TA, our MOU flexible scheduling will become enshrined as our contractual rights in our CBA. This means that our flexible workload scheduling will now be securely protected as contractual rights (see below).

UF also secured dependent medical coverage increases to the 2025 Kaiser rates, and very significant increases to the overload pay and intersession pay schedules that we have been working to achieve for many years (see examples below).

Voting began this morning, October 8, at 8:00 am and will close on Sunday, October 13, at 5:00 pm. Members will vote on the TA in its entirety. Please check your non-campus email that you regularly use for Simply Voting.

Please note that the TA will not be attached to your Simply Voting ballot. The signed TA is available on our UF website at ufnorthorange.com.

Below is a detailed summary of the TA.

1. Flexible Scheduling—Working Conditions:

A primary concern for United Faculty is the fact that our flexible scheduling MOU is set to expire on June 30, 2025, which made this a critical issue to address. **The District's demand was for faculty to return to working on campus three to four days per week, including commuting to campus merely to perform remote work from our offices. This is already happening to colleagues in our surrounding districts.**

Without contract language, the District would have the right after June 30, 2025, to enforce their demand to eliminate our flexible scheduling.

Upon TA ratification, the following language becomes enshrined in our CBA for all scheduling going forward:

22.7.1 Instructional faculty who are scheduled to teach 60% - 79% in the distance education modality will be required to be on campus a minimum of two days a week.

22.7.2 Instructional Faculty who are scheduled to teach 80% or more in Distance Education (DE) Modalities, as recorded on their Staff Assignment Sheet (SAS), are required to be on campus a minimum of one day each week per semester as indicated on their SAS.

22.7.3 Librarian faculty are required to be on campus a minimum of two days per week and sixteen (16) hours per week.

22.7.4 Counseling faculty may schedule up to sixty percent (60%) of their required annual workload remotely. Counselor's schedules will meet student demands and comply with the collective bargaining agreement Scheduling Article 4 and Counselor Workload Article 6. The total annual hours stated in Article 6 shall remain 1,245 hours annually.

2. Overload Pay and Intersession Pay Increases:

Significant increases to overload and intersession pay. Our compensation in these areas has been far behind our comparable districts, and our UF negotiating team has worked hard to secure these important monetary gains that move us forward.

The current overload pay schedule and current intersession (summer and winter) pay schedule have been merged into one schedule, effective December 1, 2024.

For intersession there is an approximate 15% increase, and for overload the increase is much higher because of the shift to a combined single schedule. See attached chart included in the TA and the examples below.

As a reminder, faculty have the contractual right to teach a maximum of 10 units overload each semester and 10 units during each intersession (summer and winter).

Overload Examples:

a. **Class C Step 13 = increase of \$357.95 per each unit taught.**

Increases from current \$1321.08 per unit taught to \$1679.03 per unit taught.

3. District Medical Contributions to Match Kaiser Rates for 2025:

Effective January 1, 2025, the District contribution will increase from \$9795.22 to \$11,359.32 annually for +1 dependent.

Effective January 1, 2025, the District contribution will increase from \$15,671.88 to \$18,174.84 annually for +2 or more family plan.

4. Salary Provisions:

Additional salary increases of 0.25% for each fiscal year 2025-2026 and 2026-2027, with a contingency for potential increases based on excess revenue.
